bed beg, skank, chipmens, and beginning the policy council, at its mesting on Monday night, took action on the matter of the Chief of Policy salary, and the state of the Chief of Policy salary, and the state of the Chief of Policy salary, and the state of the Chief of Policy salary, and the state of the State answell on the setimate. This raises a direct tasse with the Police Commissioners, who, size the salary had been estimated for by the Conceil, as fit to increase it although the Major, who is the only elective member of the Board, was opposed to the increase. Whether the case will be brought to trial we do not know, but we last the people to outer their protest against this and other prospective raids on their pookets, by an irrespondite body, by rejecting those candidates for municipal horses who frace the Gaines of the Police force by Chumatsioners, or by their own cleeked representatives in the Council. Let them tolerate no evasion or prevariention on the analyse, and then they will know how to vote. What with the alteration of the condition of bonuses by the legislature, the placing of the financial arrangements of the police force in the hands of Commissioners and other increds upon the authority which former's did, and now onghito, belong to the Council, that body will soon be deprived of all but the municipal elections and later in these for the Ostario Lecislature.

Than now in its rich content.

And her needles catch the red fire's light, As in and out they g', With the clicking music that grand-loves, Shaping the steeking toe;

And the waking children love it too,
For they know that stocking song
Brings many a tale to grandmamma's
Which they sha'l hear ere long.

I life is a stocking," grandmamma And yours is just begun; at I am knitting the toe of mine, And my task is well-nigh done.

"With merry hearts we begin to knit,
And the ribbing is almost play;
Some are gay colored, and some are white
And some are selengrey.

But the most are formed of many a hu
And many a stitch set wrong,
Add many a row to be sadly rip; ed

And clasp a hand,
Growing cold as it feels for the spirit-land.

Will stand by the other's coffin-bler,
And look and weep,

Darling, which one?

One of us, dear,

By an open grave will drop a tear,
And homeward go,
The anguish of an unshared grief to know.

HOSE THINGS IN THE BOTTOM DRAWER,

There were dainty jackets that never were worn,
There are toys and models of ships.
There are toys and pictures all faded and torn,
And marked by the finger tips
Of dimpled hands that have fallen to dust;
Yet I strive to think that the Lord is just.

But a feeling of bitterness fills my soul
Sometimes when I try to pray,
That the reaper has spared so many flowers,
And taken mine away;
And I almost doub! If the Lord can know
That a mother's heart can love them so.
